This manual has been designed for use in Operation Starting Line, a multi-ministry collaboration to evangelize and disciple every prisoner in America.

This manual was created by members of the Discipleship and Training Committee of Operation Starting Line, using and modifying ministry tools primarily from Campus Crusade for Christ, Prison Fellowship, The Navigators, and Walk Thru the Bible.

Chuck Broughton – The Navigators
Dan Brygger – Campus Crusade for Christ
Rev. John Houchens – Walk Thru the Bible
Paul Krueger – The Navigators
Robert Moran – Timothy House Ministries
Dr. Dan Snively – Prison Fellowship

A special word of appreciation goes to seven men from the Inner-Change Freedom Initiative (Carol S. Vance Unit) in Richmond, Texas, as well as a number of other Houston-based “coaches” who have “field tested” the Operation Starting Line materials and provided valuable feedback for improving the next editions of the OSL ministry tools and training manuals.

We also wish to acknowledge the dedication of The Navigators’ staff for their help in updating the OSL training manual and accompanying Bible study materials: Tammy Wendinger, for her editorial expertise, and Steve Learned, for his work in producing the design and graphics.

Finally, a special thanks to Corbin Hiram for providing fresh illustrations that tied these materials together.
