

Dear Ministry Friends,

Here is a glimpse of the Movement of the Gospel in African American Communities!

2012 Congress on Discipleship

Houston we have a problem! Four hundred and twenty-five people have registered for the upcoming Navigator African American gathering in DC/Baltimore, March 8-10th, and the room we're planning to have it in, at the Sheraton Hotel, only holds 350 people.

Yes, two weeks before the Congress, registration hit 325 people, so we had to make the hard decision of shutting down our on-line registration by noon the next day. Well, who would have known, as we sent out a final word about registration, that another 100 people would sign up before we officially closed it in the next 12 -16 hours.

College students from all over the country came to hear the Word.

The sole purpose of the African American Congress is structured on learning how to make a difference in African-American communities through intentional disciple-making. Many of the people who attended; pastors, laymen, military personnel, college students, staff, young and old alike remarked that they could not go home the same way they came. They all heard the theme, ***Go and make disciples among African-Americans in your own cities!*** *"If we want to bring change to our cities it is going to take African Americans to do it."*

And the extra 100 people who came to the Congress? Thankfully we were able to set up an overflow room where we provided a video feed so no one missed out on this incredible event. What fun seeing African Americans leave ready to take the Gospel back their communities.

Thank you for joining Janis and I in making Him known!
